INTRODUCTION

The **Unique Registration Facility (URF)** is an online web interface that provides access to the registration service. It is a European Commission service producing unique identification for organisations and, in certain cases, natural persons, required to apply to several European Programmes as **Erasmus+**, Creative Europe, Europe for Citizens, EU Aid Volunteer, Horizon 2020, FP7, CIP, COSME, etc

Access to URF is provided through a single-entry point, the **Participant Portal**. The Participant Portal for the Education Programme **Erasmus+**, Audio-visual, Culture, Citizenship and Volunteering can be found here:

<http://ec.europa.eu/education/participants/portal/desktop/en/home.html>

Main Features and requirements

URF enables potential applicants to perform two main types of actions pertaining to the process of registration of an organisation:

- the **organisation registration** itself (registration of your own organisation or registration on behalf of another organisation), and
- the **update of organisation data**.

Registration. The registration procedure is performed in the URF Registration Wizard – a step-by-step, user-friendly tool for entry of all the information required for an organisation to be registered. The URF Registration Wizard is invoked from the Participant Portal page when a new registration is started or when a draft (partially completed and saved) registration is resumed. The URF Registration Wizard uses a heuristic method of detection of organisation duplicates during the registration process.

Data Update. The updating of organisation data is mainly managed from the URF Update Panel that contains the relevant organisation details pages. The URF Update Panel is accessed from the Participant Portal page and covers options for updating core, common, and specific data as well as facilities for management of supporting documents.

As a participant, you are only required to register once – URF then assigns you a unique **Participant Identification Code (PIC)** that you can use for all future communication and interactions with the European Commission and its Agencies for the given organisation. The use of a PIC for each organisation helps to avoid redundant requests for information and facilitates the effort to keep participant-related information up-to-date.

The ECAS Prerequisite

Before you start using URF, note the following about **ECAS** (the **E**uropean **C**ommission's user **A**uthentication **S**ervice) and URF:

- **ECAS** enables authorised users to log in to a wide range of Commission information systems, using a single username and password.
- You must have an **ECAS** (**E**uropean **C**ommission's user **A**uthentication **S**ervice) account to be able to start the initial registration procedure.

For more information, see ECAS help at: <https://webgate.ec.europa.eu/cas/help.html>

Contact & Support

For technical issues related to URF or the Participant Portal please send an email to the following address: EC-RESEARCH-IT-HELPDESK@EC.EUROPA.EU

All questions concerning Erasmus+ actions managed by National Agencies should be addressed to your local National Agencies as they play a key role in the practical implementation of the Programme and can reply in your language. The list and contact information of National Agencies can be found at the Participant Portal (SUPPORT / Contact) or directly at the following address:

[HTTP://EC.EUROPA.EU/ERASMUS-PLUS/NA](http://ec.europa.eu/erasmus-plus/na)

All questions concerning Erasmus+ actions managed by the Education, Audiovisual and Culture Executive Agency (EACEA) and questions concerning Creative Europe, Europe for Citizens and EU Aid Volunteers should be addressed to the EACEA Helpdesk:

EACEA-PORTAL-ERASMUSPLUS@EC.EUROPA.EU

EACEA-PORTAL-CREATIVE-EUROPE@EC.EUROPA.EU

EACEA-PORTAL-EUROPE-FOR-CITIZ@EC.EUROPA.EU

EACEA-PORTAL-EU-AID-VOLUNTEER@EC.EUROPA.EU

Note for organisations registered via the Research Executive Agency Participant Portal, participating in research programmes in the past

In order to change your data related to Erasmus+ or other specific programmes, please use <http://ec.europa.eu/education/participants/portal> website to login and follow the steps from **Error! Reference source not found.** paragraph in this manual.

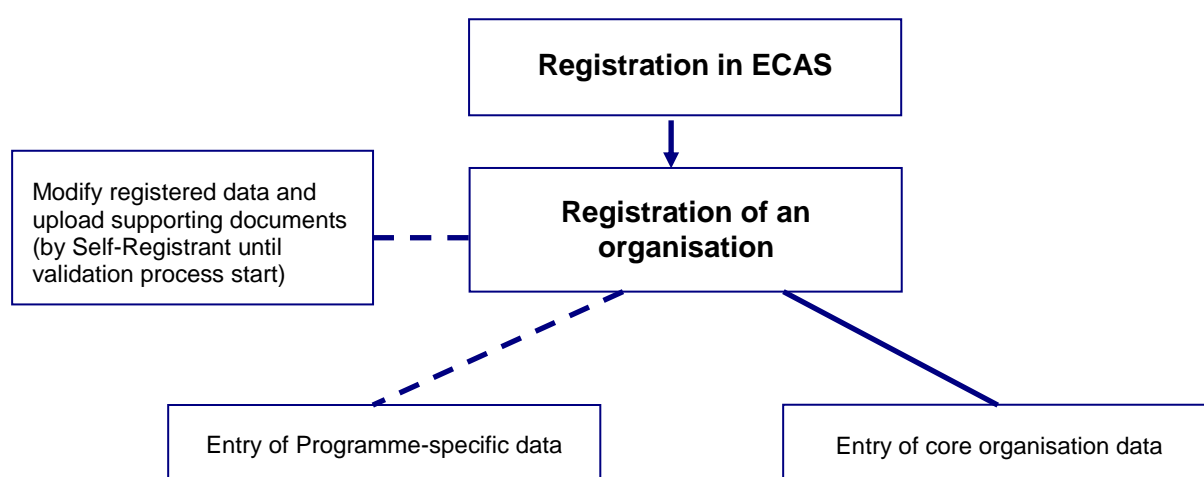

URF REGISTRATION PROCESS

The **Unique Registration Facility (URF)** is responsible for the organisation registration and data update but it is also important for keeping a unified registration method and consistent organisation data.

Overview

There are two main scenarios in URF usage – the registration of a new organisation, and the post-registration modification of organisation data. Outside URF, some additional activities add to the registration process, such as the preliminary ECAS registration.

The following diagram illustrates some basic steps in the URF workflow:

The Registration Process

In URF, you can register:

- your own organisation (an organisation you work for, or to which you are involved in a close business relationship) – when you self-register, or
- a different organisation - when you register "on behalf of another organisation" (an option in the registration wizard).

The process for both variants is identical, the only difference being in the Contact page where you are prompted if you register on behalf of another organisation and if so, you must refer a relevant Contact Person for the organisation being registered. The Contact Person must be formally associated with the organisation.

The initial registration process involves the use of the Registration Wizard – a series of data input fields and selection lists are organised thematically across several pages where you

are prompted to provide information about the organisation as well as additional related data. The last step enables you to provide programme-specific information to better identify your organisation as a future participant.

The Registration Wizard contains a preliminary step (the Welcome page) in order to check whether the organisation that is to be registered already exists in the database. If the organisation data matches an existing legal entity, URF will offer you a list of “similar” organisations that you could choose to use.

Saving a Draft and Resuming Registration

After you complete the initial step in the registration process, you are enabled to save a draft of the registration data submitted up to that point and resume the registration at a later time.

You can save your draft using the  button available on each page from Step 2 onwards.

When you save a registration draft, you will receive an automatically generated notification email to the email address provided during ECAS registration.

You can delete your draft using the  button.

URF will keep your draft for up to 12 months as of the latest draft save. If you do not resume the registration within a year's time, your draft data will be automatically deleted.

Organisation Data Modification & Updates

You can modify your organisation's data from the "My Organisations" tab (by clicking the "OD" button next to the respective organisation) in the main menu.

When you modify organisation data, URF presents the data in the same structure as during the registration and validation processes:

- Core organisation data updates
- Common organisation data updates
- Specific organisation data updates – legal organisation status information, programme-specific data modifications, and so on.

See section **DATA MODIFICATIONS AND UPDATES** further in this document.

Document Management

As a self-registrant, you can upload supporting documents for an organisation and modify their metadata.

You can also read and download all the uploaded documents for the respective organisation. However, you cannot delete a document once uploaded in the system, even if you uploaded it.

Message and Error Management

Messages: Communication to Self-Registrant

The Message management facility in the Update Panel allows users, associated with the organisation, to create and send custom messages concerning the organisation, as internal or external communication to other parties dealing with this organisation.

Error Messages

URF will display an error message whenever the data entered is incorrect, incomplete or missing.

Error messages are displayed on the left-hand side of the respective page of the Registration Wizard and the problematic entry field is highlighted.

Roles

When you submit the organisation data as a new participant, you are assigned the Self-registrant role as the actively logged-in user in ECAS. The Self-registrant role is also assigned to the Contact Person if the contact provided in the Registration Wizard is a different person and not the actively logged-in user.

When you register your organisation the Self-registrant role is also assigned in IAM (Identity and Access Management) to the Contact Person. IAM is synchronized with ECAS so On the next synchronisation between IAM and ECAS, ECAS will automatically send an invitation to the Contact Person's email address if it does not have this account registered.

Viewing Organisation Details

To view the details of an organisation you are linked to, log in to the Participant Portal and open the 'My Organisations' tab. From the 'Organisations' tab page, you can view a list of your organisations – click the  button next to an organisation to view its details.

To view the details of any organisation registered in URF, use the Search where you can search for an organisation by its unique PIC number or by other search criteria.

REGISTRATION IN URF

Registration: Access to ECAS & URF

Registration in URF is the registration of an organisation from the Participant Portal page.

You can register:

- your own organisation as a participant - i.e. an organisation you are part of or are associated with in business terms, or
- on behalf of an organisation different than your "own" one - for example, if you are a Project Coordinator for a project involving a Consortium of several organisations.

Any ECAS user can register an organisation. To self-register in URF, you must first log in to ECAS from the Participant Portal page.

Follow the procedure below to perform the preparatory steps – logging in to ECAS and accessing the URF registration wizard:

1. In your browser, open the Participant Portal page at <http://ec.europa.eu/education/participants/portal/>
2. Log in to ECAS – click the **Login** button as indicated in the visual example in **Figure 1: Participant Portal - Welcome Page** below.

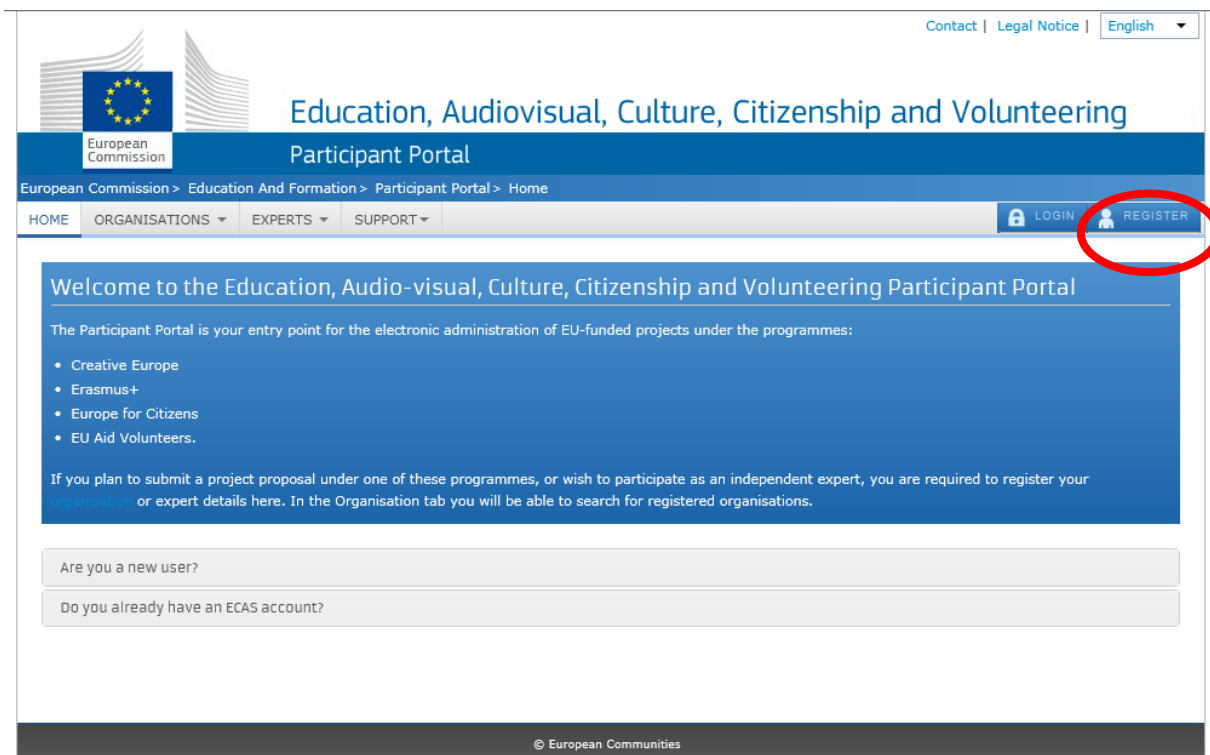

Figure 1: Participant Portal - Welcome Page

If you are not registered in ECAS yet, please make a new registration by clicking on **Register**, as shown on **Figure 2: Participant Portal - Registration on ECAS**.

For more information on the ECAS registration process see ECAS help at: <https://webgate.ec.europa.eu/cas/help.html>.

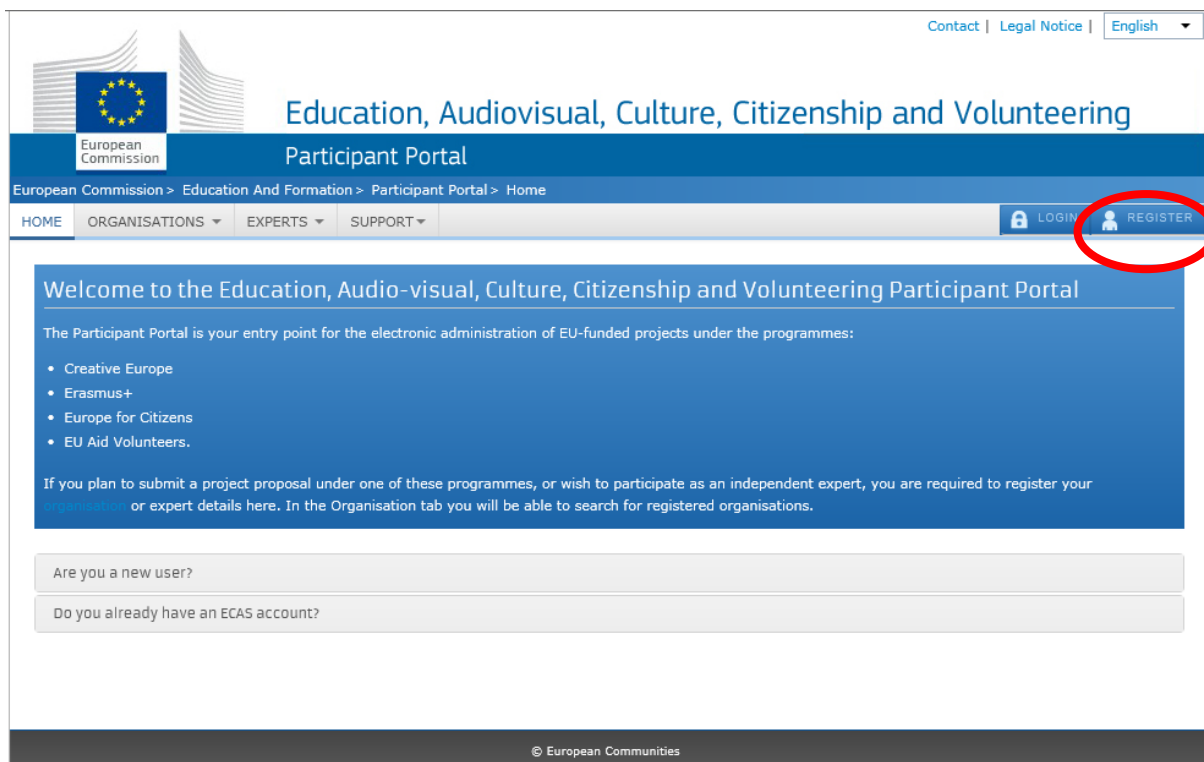

Figure 2: Participant Portal - Registration on ECAS

Once you log in, the Welcome page of the Participant Portal will open – see **Figure 3: Participant Portal - page after log in.**

Please note that natural persons registering on behalf of an information group of young people will have to follow these steps for registration.

3. Click **Organisations** tab and then **Register** to open a registration page (**Figure 4: Participant Portal - Register an Organisation**).

Register an Organisation

To participate in proposals and projects, you must register your organisation first.

After registration, a unique identifier is assigned to your organisation

This is the 9-digit **PIC (Participant Identification Code) number** that will be used as a reference by the Commission in any future interactions. A **single registration** is required for each organisation in the system.

Organisation Registration

Please keep the legal data of the organisation and programme related information at hand. You can check the information you will need for the registration in the documentation of the call for proposals. Please note that you have to register your organisation before submitting a project application.

You can pause the registration process at any time and continue it later. The system automatically saves your draft registration and will keep it until you complete it or for up to one year after its last edit.

[REGISTER ORGANISATION](#) [RESUME REGISTRATION](#)

Note: If you have performed some of the registration steps before and you have then saved your draft registration click [Resume Registration](#) there.

Registration: The Registration Wizard

The URF Registration Wizard provides an easy step-by-step procedure for initial registration, including a preliminary check for an organisation duplicate in the system.

Note that the following buttons are available in all pages of the Registration Wizard:

- Click [Next >](#) / [< Back](#) to go to the next / previous registration page; note that you can browse this way only if you have completed the mandatory fields in the currently open page.
- Click [Save Draft](#) to save your current data in a temporary URF database. This option is available from the **Registration Wizard: ORGANISATION Data** page onwards.

Save Draft & Resume Registration for more information.

- Click  to delete your registration draft if you have saved one. This button is read-only when no draft exists.
- Click  to exit the Registration Wizard without saving the data entered since your last saved draft (if any) or since your last login (when no draft exists).
- Most of the entry fields and selection drop-down lists provide additional help tips via the  buttons – hover with the mouse on the respective button to display useful information about the required entry.

Registration Wizard: WELCOME (Preliminary Check)

On the Welcome page of the Registration Wizard, URF performs a registration duplicate check prior to the actual registration process, in case the same organisation has already been registered in the system in the past.

In the Welcome page (see **Figure 5: Registration – Welcome**), perform the following steps:

1. Enter the legal name of the organisation in Latin characters.

Registration overview

The Registration Wizard will guide you through the process of registration. At the end, it will assign and display the Participant Identification Code (PIC) of your organisation. Please keep the basic legal information (Registration extract, VAT data) of the organisation at hand so you can fill in the forms quickly and correctly. The registration process normally takes about 5-10 minutes to complete.

The current Welcome page will prompt you for some preliminary information about your organisation required to check if this organisation has already been registered, as well as to identify any existing PIC numbers of similar organisations that could potentially match your request.

Please enter the data of the organisation that you are registering. If you register on behalf of another entity, please fill in the data accordingly.

Note: To access a previous registration of yours, close this window and select the relevant PIC number from "My Organisations" > "Organisation" tab in the Participant Portal.

2. Select the country of registration. If you are a natural person registering on behalf of an information group of young people, enter your country of residence.
3. Provide the VAT number of the organisation, if available:
 - if the organisation has a VAT number, click **[Yes]** and enter the number in the entry field that appears next to the button row;
 - else, click **[No]** and proceed to the next step.
4. Provide the business registration number of the organisation, if available:
 - if the organisation has a business registration number, click **[Yes]** and enter the number in the entry field that appears next to the button row; If there is any

national identification of the organisation, different from PIC and VAT numbers, it can be entered here.

- else, click **[No]** and proceed to the next step.
5. Provide the address of the website of the organisation, if available:
- if the organisation has an official website , click **[Yes]** and enter the website address in the entry field that appears next to the button row;
 - else, click **[No]** and proceed to the next step.
6. Click **[Next]** to proceed to the next screen or click **[Close]** to cancel the registration at this time.

Note: During this step you cannot save a draft of the registration data.

The system will display a list of any “similar” organisations matching (or close to) the criteria you have entered. Organisation status can vary ('DECLARED', 'VALIDATED', etc.), as shown on **Figure 6: Matching organisations** below:

Registration Wizard: ORGANISATION Data

On the **ORGANISATION** page of the Registration Wizard, URF will prompt you for the core data of your organisation, such as – legal name, business registration number and authority, and more. You are required to fill in all the mandatory entry fields (marked with an asterisk *) and it is recommended to provide as much information as possible in all other input prompts.

In the Organisation page (see **Figure 9: Registration – Organisation core data**), perform the following steps:

1. In the first prompt, 'Do you register on behalf of another organisation?', select 'Yes' if you are registering on behalf of another organisation. The default value is 'No'. Any ECAS user can register on behalf of an organisation different than their own one – for example, a Project Coordinator.

Note: If you are registering on behalf of another organisation, the Participant Identification Code (PIC) that is assigned at the end of the registration process will be associated with that other organisation, so in the next stages of registration you will be required to provide contact data that is relevant to that organisation, including a Contact Person who will be requested to provide supporting documents during the process of validation of the data.

2. In the next four prompts, specify the type of the organisation you are registering.

FIELD	COMMENT
Legal Person	<p><i>A Legal Person has a legal personality, can act on its own name, exercise rights and be subject to obligations.</i></p> <p><i>A 'Legal Person' is established on the basis of an act of incorporation and usually also a registration is required. A Legal Person exercises rights and is subject to obligations with regard to the national law of its place of establishment, community law or international law. A Legal Person can group other legal entities (natural or legal), or contain only possessions (e.g. foundation).</i></p>
Natural Person	<p><i>A 'Natural Person' is a citizen (to be distinguished from a 'Legal Person', which refers to corporations, etc.). For informal groups of young people, one member of the group should register, as a natural person, in the Organisation tab, on behalf of the group. Natural Persons always have legal personality and are therefore legal entities without other proof being required than their identification papers. Please note that an individual who is registered as a freelance professional and has a VAT number, can also be considered a 'Legal Person', in addition to being a 'Natural Person'. As a result, a citizen who is a freelance professional must choose whether to apply as a 'Natural Person' or as a 'Legal Person'.</i></p>
Non-Profit Organisation	<p><i>A legal entity is qualified as a 'Non-Profit Organisation' when it is considered as such by national or international law (international organisations as well as any specialised agency set up by international organisations).</i></p> <p><i>As a general consequence, any possible profits have to be reinvested within the organisation itself and may not be distributed. The quality of being a Non-Profit Organisation has to be proven by your statute.</i></p>

FIELD	COMMENT
Public Body	<p><i>A 'Public Body' stands for any legal entity established as such by national public law, and international organisations.</i></p> <p><i>Established' signifies that the legal entity must be either incorporated as a Public Body in the formal act and/or governed by public law (usually both are required).</i></p> <p><i>To define a legal entity as a Public Body, more criteria are required than just the direct supervision of a legal entity by the State, the public financing or the public service mission.</i></p>
NGO	<p><i>A 'Non-Government Organisation' (NGO) stands for a legally constituted corporation created by natural or legal persons that operate independently from any form of government. The term normally refers to organisations that are not a part of a government and are not conventional for-profit businesses. In the cases in which NGOs are funded totally or partially by governments, the NGO maintains its non-governmental status by excluding government representatives from membership in the organisation. NGOs are typically non-profit organisations..</i></p>

3. Enter the 'Business name' of the organisation (optional). The Business Name can be the official acronym of your organisation. This field can also be used to enter the name of the organisation in other than "Latin characters". This will facilitate the communication across Europe. It can be up to 40 characters long.
4. Enter your 'Business registration number' of the organisation (if available). This is usually a unique code identifying your organisation, usually provided by the Chamber of Commerce of the country of registration/establishment of the organisation. Tips: The Registration Number, the Registration Authority, and the Registration Date are usually provided in the same document. Contact your financial department for more information. Any other national identification of the organisation, different from PIC and VAT numbers, can be entered here. If your organisation does not have a Business Registration Number, you can enter "not applicable".
5. Enter the 'Registration date' when the organisation was established/registered. The Registration Date is the date when your organisation was established or registered as such - for example, with the Chamber of Commerce in your country.

Figure 10: Registration – Organisation core data (scroll down)

6. Enter the 'Registration authority' under which the organisation was established/registered. The Registration Authority is the authority that your organisation was registered before - for example, the administrative body of the city/region, the Chamber of Commerce, and so on.
7. Select the 'Establishment/Registration Country' of the organisation from the drop-down list. Usually this is the location of the headquarters of the organisation.
8. Select the 'Region/County' where the organisation was established/registered. Even if marked as "optional" this information is essential for the Education Programme. It is strongly suggested to fill the region.
9. Enter the 'Legal Name' of the organisation. The Legal Name must correspond to the official legal name in the statute of the organisation but needs to be entered in Latin characters. This field can be up to 240 characters long.
10. Select the 'Official Language' for the organisation. This is the language officially used for communication within the organisation.
11. Provide the 'VAT number' of the organisation (if available) – click 'Yes' and enter the VAT number in the field that is will appear next to the button. The VAT number is a unique number given to every organisation that pays Value Added Tax (VAT).

12. Provide the 'NACE code' of the organisation (if applicable). The statistical classification of economic activities in the European Community (in French: *Nomenclature statistique des activités économiques dans la Communauté européenne*), commonly referred to as 'NACE', is a European industry-standard classification system using a 6-digit code format. For more information: http://ec.europa.eu/eurostat/ramon/index.cfm?TargetUrl=DSP_PUB_WELC

13. Specify the 'Legal form' of your organisation – expand the drop-down list and select the option that best corresponds to the legal registration form of your organisation. Select 'OTHER' if you cannot find a suitable legal form in the list. The legal form is usually noted in the registration act/statute of the organisation. It depends on the type of the legal entity and the country of registration. For example, if your organisation is a private body, its legal form could be LLP, Ltd, PLC, SA, GmbH, etc. After validation of the organisation data, the Legal Form field will be shown as validated by the European Commission.

Note: 'University' and 'Public Body' are not valid legal forms.

14. Click .

Registration Wizard: Legal ADDRESS Data

On the **ADDRESS** page of the Registration Wizard, URF will prompt you for the legal address of your organisation and for other data related to this – such as, internet address, phone numbers, etc.

You are required to fill in all the mandatory entry fields (marked with an asterisk *) and it is recommended to provide as much information as possible in all other input prompts.

In the Address page (see **Figure 11: Organisation Legal Address related information**), perform the following steps:

1. Enter the 'Street name' as part of the Legal Address, as stated in the official legal statute of the organisation (in most cases this is the address of the headquarters, not the address of subsidiaries, departments, and so on).

- d. Enter the 'Postal code' - the Postal/ZIP Code of the Contact Person.

- e. Enter the 'CEDEX' code - only applicable for France.
 - f. Select the 'City' of the Contact Person's address from the list.
 - g. Specify the 'Region/County' of the Contact Person's address.
 - h. Select the 'Country' of the Contact Person's address
9. In the 'Phones' section, select 'Yes' if the phone numbers of the Contact Person are the same as previously entered for the Legal Person. This option will automatically copy the phone data provided in the previous step. If you leave the option to 'No' (default), please provide new phone number information as follows.
- a. Specify the 'Main phone' number of the Contact Person. Use the following format, without any spaces: +CCCNXXXXXXXXXXXXXXXBBBBB : international code -C- (1-3 digits, no zeros) followed by your phone number -N- (max 14 digits), followed by extension -B- ("x" char + max 5 digits; optional).
 - b. Enter the 'Fax' number of the Contact Person. Use the following format, without any spaces: +CCCNXXXXXXXXXXXXXXXBBBBB : international code -C- (1-3 digits, no zeros) followed by your phone number -N- (max 14 digits), followed by extension -B- ("x" char + max 5 digits; optional).
 - c. Specify the 'Secondary phone' number of the Contact Person. Use the following format, without any spaces: +CCCNXXXXXXXXXXXXXXXBBBBB : international code -C- (1-3 digits, no zeros) followed by your phone number -N- (max 14 digits), followed by extension -B- ("x" char + max 5 digits; optional).
10. Click  to proceed to the next step.

Next, click **Finish your registration** to see a summary of your organisation you are registering.

The screenshot displays a registration interface with a progress bar at the top containing steps: WELCOME, ORGANISATION, ADDRESS, CONTACT, PROGRAMME, SUBMIT, and DONE. The 'PROGRAMME' step is currently active. On the left, a blue sidebar titled 'Programme-specific data' provides instructions: 'Thank you for completing the first step in registering your organisation. Now you can either: - finish your registration and receive the Participant Identification Code, or - provide additional information relating to a Specific Programme: select a Specific Programme from the list on the right-hand side and follow the instructions in the submission form pages that will open for the specific programme (you will return to the current page when done).' The main content area, titled 'Programme-Specific Information', contains the text: 'You can finish the first step of the registration and get a PIC or you can come back later if you saved your draft.' Below this is a blue button labeled 'Finish your registration'. Further down, it says: 'You can also continue your registration with filling in program specific information. After filling-in, you will return here and you can finish your registration.' This is followed by a label 'Programme :' and a dropdown menu with the text 'Select a Programme from the list'. At the bottom of the page, there are four buttons: '< Back', 'Save Draft', 'Delete Draft', and 'Close'.

Figure 16: Registration - Confirmation

At this point URF will immediately send a confirmation e-mail containing the data you have submitted and the Participant Identification Code (PIC) of the organisation. The email will be sent to the emails of the self-registrant (as defined by their ECAS account) and to the Contact Person (using the Professional email provided in the Contact page).

An example of a confirmation e-mail follows below, including Erasmus+ programme-specific information can be found below.

Please note the “Main Contact Person” is the contact person provided during the registration of the organisation.

From: fp7-pdm-noreply@ec.europa.eu

Subject: Your registration in the E.C. Unique Registration Facility (URF)

Dear Mr./Mrs. DEMO USER,

The Education and Culture Directorate-General and the Education, Audiovisual and Culture Executive Agency of the European Commission thank you for having registered a legal entity in our database of participant organisations.

The record has been successfully created. The TEMPORARY Participant Identification Code (PIC) for the legal entity you have registered is 949701296.

You can now use your PIC in order to submit a proposal for the EAC/EACEA programmes. If your organisation is selected for the projects managed by EACEA then your organisation will need to pass a Legal Entity validation and your organisation will have to provide supporting documents.

Please find downloadable forms and instructions on

http://ec.europa.eu/budget/contracts_grants/info_contracts/legal_entities/legal_entities_en.cfm#fr

In case your organisation is applying for the projects managed by the national agencies (hyperlink to the list of NAs and list of projects (actions) managed by NA), your organisation should then provide the supporting documents as requested in the Guide for applicants and by your National Agency (this can be done by uploading the supporting documents in URF).

Please note that the validation could result in a possible change of the PIC (if e.g. the validation reveals that the same legal entity already exists under another PIC).

Save Draft & Resume Registration

After you complete the initial step in the registration process, you are enabled to save a draft of the registration data you have entered up to that point, and resume the registration at a later time.

To save a draft, click the **Save Draft** button available on each page from **Registration Wizard: ORGANISATION Data** onwards. URF will display two notification messages on the screen, as shown on **Figure 17: Registration – Save Draft notification 1** and **Figure 18: Registration – Save Draft notification 2**.

The screenshot shows the 'Organisation data' step of the Registration Wizard. A notification modal is displayed in the center, stating: 'The registration data draft is stored in our database for up to 12 months - if not used until then, it will be automatically deleted.' The modal has an 'OK' button. The background form contains the following fields:

Each time you save a registration draft, you will receive an automatically generated notification email to the email address provided during ECAS registration.

To resume the registration from a saved draft, log in and click the [Resume Registration](#) link in the 'Resume a draft registration' area in the 'Register' tab - see **Figure 19: Registration – Resume a draft registration** below:

Figure 19: Registration – Resume a draft registration

Note: The system will only resume registration from your latest draft – you cannot keep more than one registration draft at a time.

Note: The [Resume Registration](#) link is only available if you have an existing draft saved.

The Registration Wizard will open the page where you last saved your draft so that you can complete any remaining registration steps and modify/verify your current data from the respective pages- see **Figure 20: Registration - Data Modifications**.

Organisation data
Please enter the required data for the organisation you are registering.

If you are registering on behalf of another organisation, click 'Yes' on the respective prompt at the top of the page. In this case, the Participant Identification Code (PIC) that is assigned at the end of the registration process will be associated with that other organisation, so please provide contact data that is relevant to that entity, including a Contact Person who will be requested to provide supporting documents during the process of validation of the data.

Modifying the Registered Data

After submitting your registration data you can modify the registered data from the 'Organisations' > 'My Organisations' tab. To do so, click the  button next to the organisation – see **Figure 21: Registered organisations** below.

The screenshot displays the 'My Organisations' section of the Participant Portal. At the top, there is a navigation bar with links for 'Contact', 'Legal Notice', and 'English'. Below this, the header reads 'Education, Audiovisual, Culture, Citizenship and Volunteering Participant Portal'. The main content area shows a table of registered organisations. The table has columns for NAME, PIC, VAT, STATUS, and ACTIONS. The first entry is 'Demo Organisation' with PIC 949701296, VAT BE123456789, and STATUS DECLARED. In the ACTIONS column, there are two buttons: 'VO' (View Organisations) and 'MO' (Modify Organisations). The 'MO' button is highlighted. Above the table, there is a legend with buttons for 'VO', 'MO', 'OP', 'OR', and 'VP'. The 'MO' button is also highlighted in the legend. The page footer shows '© European Communities'.

Viewing the Registered Data

To view your registration data as a self-registrant, after submitting it but prior to the start of its validation, go to the 'Organisations' > 'My Organisations' tab and click the  button next to the respective organisation.

The 'My Organisation' tab page in the organisation data update panel will open by default. You can view the organisation, legal address, and contact person details from the respective tab pages (see **Figure 22: Registration - Data Submitted**).

The screenshot displays a web interface for viewing registration data. At the top, a welcome message reads: "Welcome DEMO USER, you can view Demo Organisation 949701296". A language dropdown menu is set to "English(en)". Below this is a navigation bar with tabs: "Messages", "Documents", "Organisation", "Legal Address", "Contact Person", and "LEAR". The "Organisation" tab is active, showing a sub-header "Organisation Data" with the instruction "Please enter the data for the organisation." The main content area lists various fields and their values:

Uploading Supporting Documents

You are able to upload additional documents up to 6 MB per document file. Once uploaded, these documents cannot be withdrawn or modified.

IMPORTANT: For full details about Document Management in URF, see section **DOCUMENT MANAGEMENT**. The current section only provides a step-by-step procedure for uploading documents as a Self-Registrant.

To access the Document Management facility, click go to the 'My Organisations' > 'Organisations' tab in the main menu of the Participant Portal, then click the  button next to the organisation for which you want to upload documents.

The 'Organisation' tab page in the URF Update Panel will open by default. To upload a document, go to the Documents tab, as shown in **Figure 23: Registration - Documents Page**.

DATA MODIFICATIONS AND UPDATES

Modifying Organisation Data

You can modify your registration data. The update option is indicated by the accessible

Update your data button on the URF Update Panel.

The URF Update Panel

The URF Update Panel (**Figure 28: The URF Update Panel**) enables users to update organisation data.

The screenshot displays the URF Update Panel interface. At the top, a welcome message reads: "Welcome DEMO USER, you can edit Demo Organisation 949701296". A language dropdown menu is set to "English(en)". Below this is a navigation bar with tabs: Messages, Documents, Organisation (selected), Legal Address, Contact Person, LEAR, and EAC. The main content area is titled "Organisation Data" and includes the instruction: "Please enter the data for the organisation." The form contains the following fields and options:

- Effective Date *: [Empty text box]
- PIC: 949701296
- Is the organisation a Legal Person?: ☒ Yes ☐ No, I am a Natural Person.
- Is it a Non-Profit Organisation?: ☐ Yes ☒ No

At the bottom, there is an "Erasmus+" dropdown, "Update your data" and "Reset filter" buttons, and a "Quit" button. A "User manual" link is also present.

Figure 28: The URF Update Panel

The URF Update Panel contains the following tab pages:

- **Messages**
- **Documents**
- **Organisation**
- **Legal Address**

- **Contact Person**
- **Legal Status**
- **LEAR**
- **EAC**

Note: To show all these tabs, select a framework programme from the drop-down list located at the bottom left corner of the panel.

Common Options in the Update Panel

All Update Panel tabs contain the **Update your data** option – when you click this button, URF will save **ALL** the modified data from **ALL** tabs and will then close the Panel. The only exception is the Documents facility – all the uploads and changes made there are implemented immediately when the data is submitted.

Figure 29: The URF Update Panel – common options

You can also reset the list of specific programmes in the list in the left corner of the Update Panel using the **Reset filter** button.

The **Quit** button allows you to discard your changes and close the Update Panel without saving any updates.

Core, Common, and Specific Data Updates

The Update Panel allows updating Core, Common, and Specific organisation data, generally following the order of data feed during the initial registration.

- **Core data:**
 - Organisation Data (name, registration number, VAT number, etc.)
 - Legal Address
- **Common data:**
 - Contact Person
 - Document Management
- **Specific data:**
 - EAC organisation type

Updating Core Organisation Data

Core data updates cover the modification of core organisation information and legal address data in the Organisations and Legal Address tabs.

Organisation data

In the Organisation tab, you can modify all the core data of the organisation that was originally provided during the initial registration process. See section **Registration Wizard: ORGANISATION Data** for details about each field.

When you modify the Legal Name, the Business Registration Number and/or the Establishment/Registration Country of the organisation, you are required to specify the Effective Date when this modification is to enter into force. This information is required for grant amendment reasons.

Note: The Effective Date entry field is read-only by default and will only become editable after one or more of the updates mentioned above is made.

Updating Common Organisation Data

Common data updates cover the modification of organisation information in the Contact Person, and Documents.

Contact Person

In the Contact Person tab, you can modify the details of the Contact Person.

The screenshot shows the 'Contact Person' tab of the ERASMUS+ application. The top bar displays 'Welcome DEMO USER, you can edit Demo Organisation 949701296' and a language dropdown set to 'English(en)'. The navigation menu includes 'Messages', 'Documents', 'Organisation', 'Legal Address', 'Contact Person' (selected), 'LEAR', and 'EAC'. The left sidebar contains a 'Contact Person' section with a blue background and text: 'If no LEAR has been nominated yet for the organisation, you can modify your Contact Person information. The Contact Person can be contacted by the Validation Services prior to LEAR nomination.' The main content area contains a form with the following fields: 'Have you registered on behalf of another organisation?' (radio buttons for No/Yes), 'Title' (text box with 'Mr'), 'Position in the organisation' (text box with 'CEO'), 'Department' (text box), 'Professional E-mail *' (text box with 'demo@demo.com'), 'Gender *' (radio buttons for Male/Female), 'First Name *' (text box with 'DEMO'), 'Last Name *' (text box with 'USER'), 'Address' section with 'Street Name and Number *' (text box with 'Rue Demo'), 'P.O. The bottom bar includes an 'Erasmus+' dropdown, 'Update your data', 'Reset filter', and 'Quit' buttons, and a 'User manual' link.

Figure 32: Modifications of the validated data (Contact Person)

The **Document Management Facility** (the 'Documents' tab in the URF Update Panel) enables authorised users to upload new supporting documents and to modify the metadata (descriptions) of the documents uploaded by them.

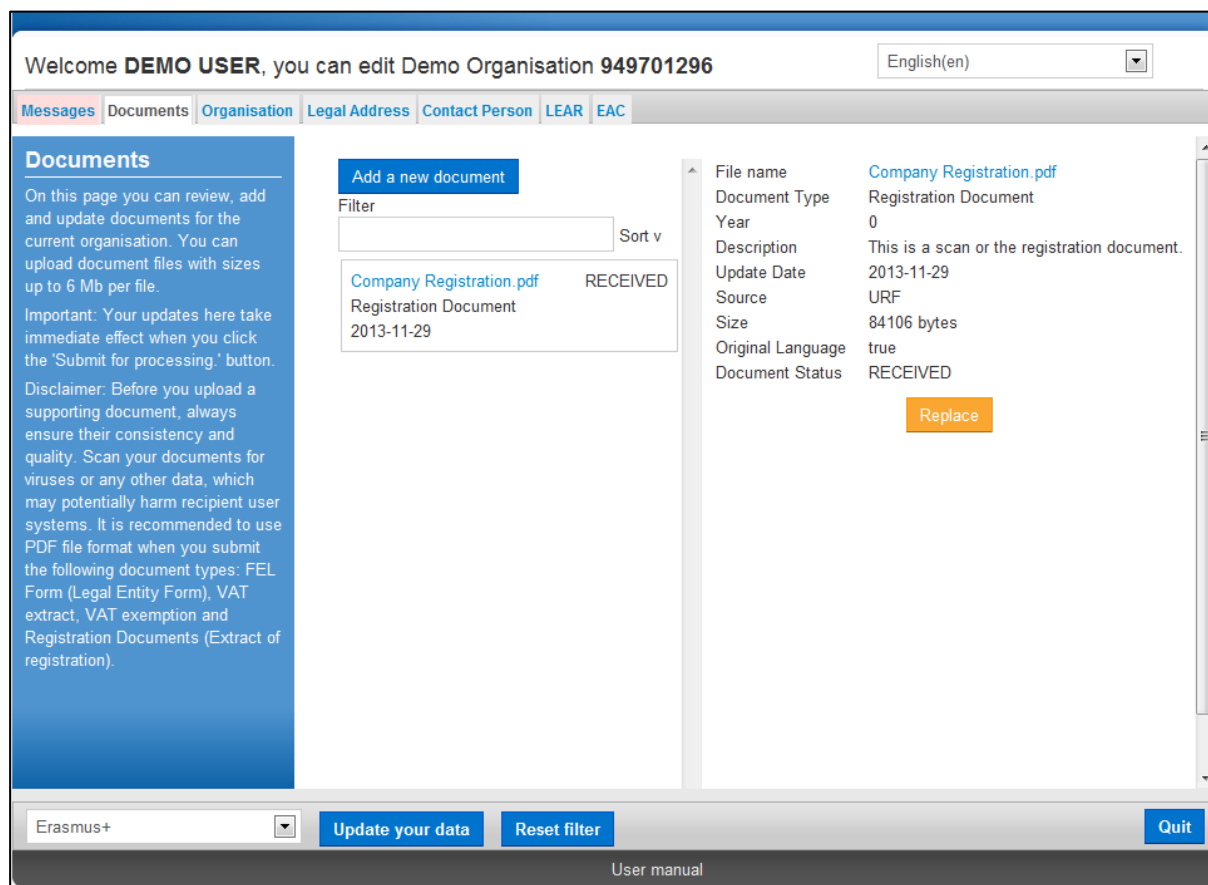

Figure 33: Modifications of the validated data (Documents tab)

You can **upload** document files with sizes up to **6 Mb per file**. There is no limitation about the overall size of all the uploaded documents for an organisation. You must provide the 'Description', 'Type', and 'Author' for each document you upload – these fields are mandatory.

You can also **read** and **download** all the uploaded documents for the respective organisation. However, **you may not delete** a document once uploaded in the system, even if it was you who uploaded it.

IMPORTANT: See section **DOCUMENT MANAGEMENT** for full details about document management in URF, as well as for detailed step-by-step procedures describing each document management action.

Validating Your Updates

All the tabs in the URF Update Panel contain the **Update your data** and **Quit** buttons (Figure 34 : Update/Quit buttons located in all the tabs).

Figure 34 : Update/Quit buttons located in all the tabs

To discard your updates:

Click **Quit** to close the URF Update Panel **without** saving your latest updates.

To validate your updates:

Click **Update your data** to save all the updates made in **ALL** of the tabs. A confirmation prompt will appear asking you if you are sure you want to submit your changes (Figure 35: Confirmation of modifications)

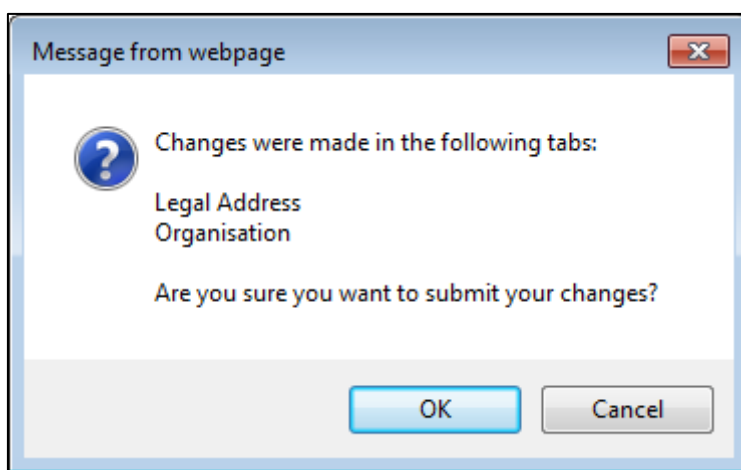

Figure 35: Confirmation of modifications

- If you cancel the validation, URF will keep your latest updates and you will return to the last tab you had open. You can go on with your updates as well as introduce new changes.
- When you confirm the validation, URF will save your updates and will close the Update Panel. Next you can either return to the EAC Participant Portal page or log out.

DOCUMENT MANAGEMENT

The **Document Management Facility** (the 'Documents' tab in the URF Update Panel) enables authorised users to upload new supporting documents and to modify the metadata (descriptions) of the documents uploaded by them.

The screenshot shows the 'Documents' tab in the URF Update Panel. At the top, a welcome message reads: 'Welcome DEMO USER, you can edit Demo Organisation 949701296'. A language dropdown menu is set to 'English(en)'. Below this is a navigation bar with tabs: Messages, Documents (selected), Organisation, Legal Address, Contact Person, LEAR, and EAC.

The 'Documents' section on the left contains instructions: 'On this page you can review, add and update documents for the current organisation. You can upload document files with sizes up to 6 Mb per file. Important: Your updates here take immediate effect when you click the 'Submit for processing.' button. Disclaimer: Before you upload a supporting document, always ensure their consistency and quality. Scan your documents for viruses or any other data, which may potentially harm recipient user systems. It is recommended to use PDF file format when you submit the following document types: FEL Form (Legal Entity Form), VAT extract, VAT exemption and Registration Documents (Extract of registration).'

In the center, there is an 'Add a new document' button, a 'Filter' input field, and a 'Sort v' dropdown. Below these, a list of documents is shown:

File name	Document Type	Year	Description	Update Date	Source	Size	Original Language	Document Status
Company Registration.pdf	Registration Document	0	This is a scan of the registration document.	2013-11-29	URF	84106 bytes	true	RECEIVED

A 'Replace' button is located below the document list.

At the bottom of the panel, there is an 'Erasmus+' dropdown, 'Update your data' and 'Reset filter' buttons, and a 'Quit' button. A 'User manual' link is also present.

You can also **read** and **download** all the uploaded documents for the respective organisation. However, **you may not delete** a document once uploaded in the system, even if it was you who uploaded it.

View, Sort and Search

- **View:** To view the properties of a document, just click somewhere in the box surrounding it in the list. The document details will appear in the right-hand side where you can edit the metadata.
- **Sort:** The documents in the list are sorted by upload date. Use the small arrow button next to the 'Sort' label to switch the sort order (ascending / descending).
- **Search:** You can search for the supporting documents related to an organisation using the 'Filter' box just above the document list (not visible when there are no documents in the list). The document search is performed using the following metadata: file Name, Type, Author, Status.

Document Types

The URF Document Management Facility provides a list of pre-defined document types for selection during document upload.

The Document Type selection list is available in the right-hand side pane when you add a new document or edit the data of an existing one – see below:

The screenshot displays the URF Document Management Facility interface. The top navigation bar includes tabs for Messages, Documents, Organisation, Legal Address, Contact Person, LEAR, and EAC. The 'Documents' tab is selected. On the left, a blue sidebar contains text about document management and a disclaimer. The main content area shows a list of documents. A document titled 'Registration.doc' is listed with the status 'REPLACED' and the date '2013-12-03'. The interface also includes a search bar at the bottom with 'Erasmus+' and buttons for 'Update your data', 'Reset filter', and 'Quit'.

Figure 37: Modifications of the validated data (Document Types selection list)

The type names are descriptive of their purpose and content. When you upload a supporting document, please select the type that best matches the document you are about to upload. If

none of the pre-defined types is suitable, select type 'Other' and add consistent information about the document in its Description.

Limitations

You may not upload executable files and script files - these are not accepted by the system. For example, files with extensions .exe, .bat, .com, .vbs, .vb, .ocx, .tlb, .js, .bas, .dll, .war, .cmd, .pl, .php, .sh are such files.

You may not upload files with sizes larger than 6 Mb per file.

Uploading a new document

To upload ("add") a new document, perform the steps below:

1. Click **Add new document** and the document properties pane will appear on the right-hand side of the page:

The screenshot shows the 'Documents' section of the URF/PP system. At the top, a welcome message for 'DEMO USER' is displayed. Below this, a navigation bar includes links for 'Messages', 'Documents', 'Organisation', 'Legal Address', 'Contact Person', and 'LEAR'. The 'Documents' section is active, showing a list of documents. A blue sidebar on the left contains instructions and a disclaimer. The main area features a 'Filter' input, a 'Sort v' dropdown, and a list of documents. One document, 'Company Registration.pdf', is highlighted. To the right, a 'Document Properties' pane is open, showing fields for 'File', 'Document Type', 'Description', and 'Original Language'. The 'File' field has a 'Browse...' button circled in red. The 'Document Type' is set to 'Archive'. The 'Description' field is empty. The 'Original Language' checkbox is unchecked. At the bottom of the pane is a 'Submit for processing' button. The footer of the page includes a 'Choose your Framework Program' dropdown, 'Update your data' and 'Reset filter' buttons, and a 'Quit' button.

Figure 38 : Updates- Adding a New Document (browse)

2. Click **Browse...** to browse for the file you want to upload.
3. Select the 'Document Type' from the drop-down list. If your document does not fall under any of the types in the list, select type 'Other'.
4. In the Description field, enter a description of the file – author, subject, content, and so on.

NOTIFICATION MESSAGES MANAGEMENT

Communication among organisation contact persons

The back-end system of URF supports a communication system using Notification Messages. These messages can be of the following types:

- **System-generated** - for system events like "Document received" or similar,
- **Internal** - for internal communication among system users, and
- **External** - for inbound and outbound communication to/from persons with participant.

The **Message Management Facility** in the URF Update Panel enables you to create and send out notification messages of the '**External**' type. These messages will be received by all the persons that are related to the organisation.

Note: In URF, notification messages can only contain text and may not be deleted by the user.

To create a new notification message, invoke the URF Update Panel and perform the following steps:

1. To add a new message, click .

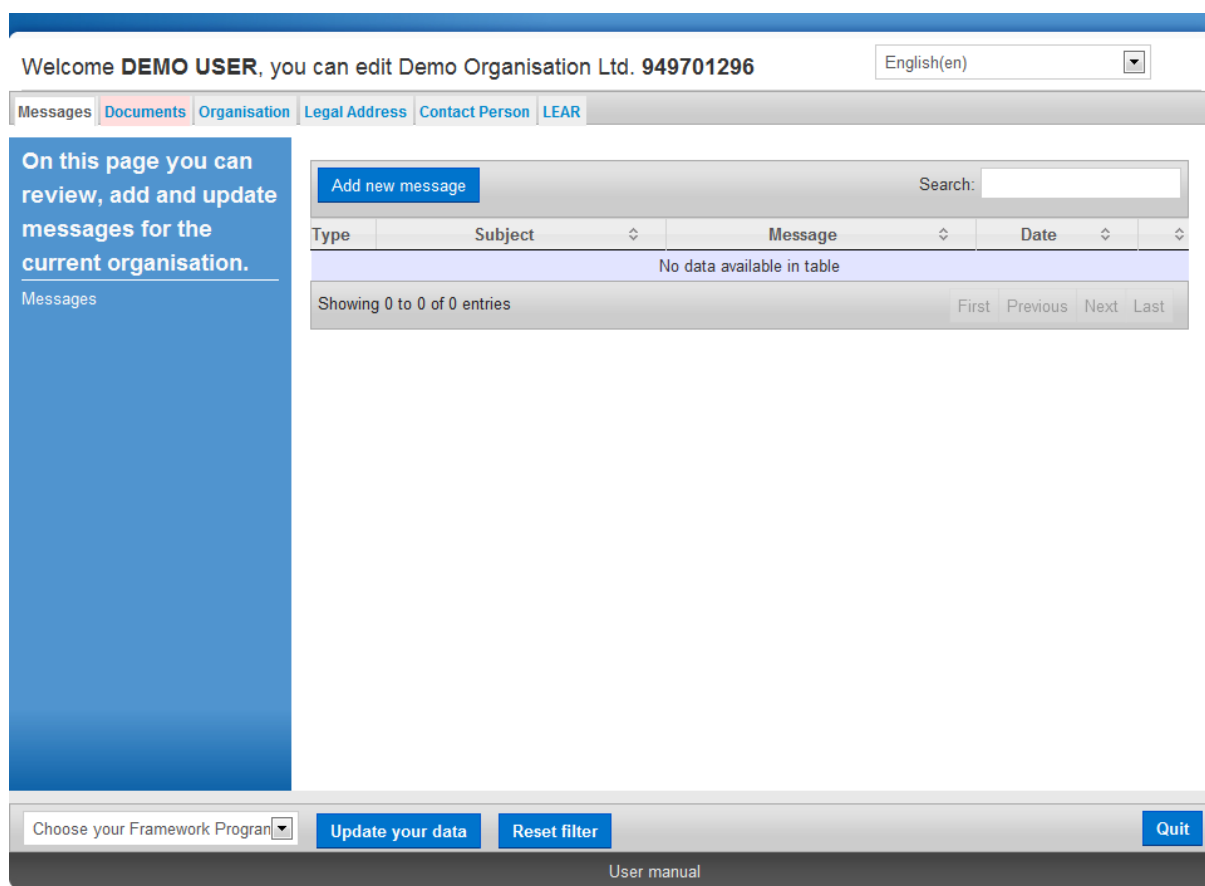

Figure 44: Messages Management (empty)

2. A new dialog box will open where you can provide the Subject and the content of your message (**Figure 45: Messages Management – create a new message**). You can use standard editing and formatting tools from the available formatting toolbar.
